

Ovid®

Blackwell Handbook of Childhood Cognitive Development

Rely on Ovid as the trusted solution that transforms research into results

This definitive volume provides state-of-the-art summaries of current research by leading specialists in different areas of cognitive development.

This Handbook:

- * Forms part of a series of four Blackwell Handbooks in Developmental Psychology spanning infancy to adulthood.
- * Covers all the major topics in research and theory about childhood cognitive development.
- * Synthesizes the latest research findings in an accessible manner.
- * Includes chapters on abnormal cognitive development and theoretical perspectives, as well as basic research topics.
